

GMC Compliance Audit Report

Site: <https://britanniagifts.us/>

Platform: woocommerce

Generated: 2026-09-04 20:07 UTC

Recommendation: connect the WooCommerce REST API for a stronger audit. This store's REST API route was detected but this audit could not authenticate against it (/wp-json/wc/v3/products returned 403 (route exists)), so every product-data finding above is best-effort page scraping rather than API-verified. Supply ``WC_CONSUMER_KEY`/`WC_CONSUMER_SECRET`` (see ``.env.example``, or ``--wc-key`/`--wc-secret`` on the CLI) to enable API-verified price/stock/availability checks - a materially stronger audit for GMC compliance.

Executive Summary

This audit of britanniagifts.us found 2 issue(s) whose policy grounding ties them to Google Merchant Center account-level suspension risk - the kind of problem that can take the whole account offline, not just a single listing. 2 of these would also affect paid Shopping ads eligibility (not just free-listing eligibility). These take priority over the 6335 lower-tier finding(s) also found, which are more likely to affect individual product listings than the account as a whole. Overall risk level: ****HIGH****.

At a Glance

2 issue(s) found that could put this store's Google Merchant Center account at risk of suspension.

- Platform detected: woocommerce (/wp-json/wc/v3/products returned 403 (route exists))
- Pages crawled: 500 (500 reachable, 0 broken/404, 0 could not be verified)
- Total findings: 6337 (0 API-verified against a platform data source, 6337 best-effort/page-only)
- LLM/vision cache: 2 hit(s), 34 fresh API call(s) (6% served from cache)
- Prohibited-content / editorial-quality screening: 15 of 305 product page(s) checked (5%)
- SSRF guard: all three layers active on every one of 500/500 page fetch attempt(s) - upfront validation, per-request interception, and a post-navigation final-URL check, no exceptions - 60314 request(s) validated and 0 blocked, including requests from pages that ultimately failed to load (a request is validated the moment its destination passes the check, whether or not that request then completes - see the Page-by-Page section for which pages didn't)

- Critical issues: 0
- High-priority issues: 0
- Medium issues: 2609
- Low issues: 3728

Internal Audit Score: 0/100 (HIGH risk)

This is an internal policy-risk score computed from this audit's own findings - it is not a Google score, not issued by Google, and not a prediction of actual approval or suspension.

Score breakdown:

- -16: 2 suspension-risk finding(s) at medium severity (8 pt each)
- -5182: 2591 listing-disapproval finding(s) at medium severity (2 pt each)
- -3604: 3604 listing-disapproval finding(s) at low severity (1 pt each)
- -69: 138 quality-improvement finding(s) (0.5 pt each)
- 2 finding(s) excluded from scoring: cannot-verify (an unconfirmed issue doesn't move this score either way).
- Raw score before clamping: -8771 - floored to 0 (score is always shown in the 0-100 range).

Suspension Risk Findings

Multiple different phone numbers found across the site

- **Severity:** medium | ****Confidence:**** potential_risk | ****Verification:**** best-effort (page-only)
- **Location:** aggregated across 2 pages (see evidence for exact pages/numbers)
- **Evidence:** Found 2 distinct phone numbers: +18664485031 (on <https://britanniagifts.us/>, <https://britanniagifts.us/about-us>, <https://britanniagifts.us/contact-us>, <https://britanniagifts.us/privacy-policy-2>, <https://britanniagifts.us/return-refund-policy>, <https://britanniagifts.us/shipping-policy>, <https://britanniagifts.us/terms-of-service>); +447760858897 (on <https://britanniagifts.us/about-us>, <https://britanniagifts.us/contact-us>, <https://britanniagifts.us/privacy-policy-2>, <https://britanniagifts.us/return-refund-policy>, <https://britanniagifts.us/shipping-policy>, <https://britanniagifts.us/terms-of-service>)
- **Relevant Policy:** GMC: Business contact information must be consistent and accurate
- **Why It Matters:** Google's own enforcement guidance ties this class of issue to whole-account suspension, not just a single listing being rejected.
- **Ads Eligibility Impact:** Affects both paid Shopping ads and free-listing eligibility
- **Recommended Fix:** Confirm whether these are intentionally different (e.g. regional support lines) or inconsistent/outdated.

Newsletter form submission endpoint returns an error

- **Severity:** medium | **Confidence:** confirmed | **Verification:** best-effort (page-only)
- **Page URL:** <https://britanniagifts.us/checkout>
- **Location:** form (newsletter)
- **Evidence:** GET <https://britanniagifts.us/shopping-cart/#wpcf7-f210-o1> returned HTTP 403.
- **Why It Matters:** Google's own enforcement guidance ties this class of issue to whole-account suspension, not just a single listing being rejected.
- **Ads Eligibility Impact:** Affects both paid Shopping ads and free-listing eligibility
- **Recommended Fix:** Fix the form's action URL - customers submitting it will likely see the same error.

Policy-by-Policy Review

Policy Area	Status	Findings	Summary
Shipping Policy	At Risk	2	Product page has no visible availability/purchase signal
Returns & Refunds	Pass	0	No issues found for this policy area.
Business Identity	Fail	2	Newsletter form submission endpoint returns an error
Misrepresentation	Fail	917	External-domain link found
Prohibited Content	Pass (partial coverage: 15/305)	0	No issues found for this policy area.
Privacy Policy	Pass	0	No issues found for this policy area.
Terms of Service	Pass	0	No issues found for this policy area.
Editorial Quality	Fail	138	Editorial/professional quality issue found

Other Findings (Lower Priority)

Listing Disapproval Risk

- **Internal link points to http:// instead of https://**
- Severity: **low** | Confidence: confirmed | Verification: best-effort (page-only) | Impact: listing_disapproval | Ads eligibility: unclear
- Page: <https://britanniangifts.us/>
- Location: `a[href="http://britanniangifts.us"]`
- Detected: 2026-09-04 20:02 UTC
- Evidence: Link to <http://britanniangifts.us> found on <https://britanniangifts.us/>
- Policy: GMC: Store must use a secure checkout / SSL certificate
- Recommended fix: Update the hardcoded `http://` link to `https://`.
- **Internal link points to http:// instead of https://**
