Required Fixes (Prioritized)

1. [medium] [GMC suspension risk] Confirm whether these are intentionally different (e.g. regional support lines) or inconsistent/outdated.
2. [medium] [GMC suspension risk] Fix the form's action URL - customers submitting it will likely see the same error. (https://britanniangifts.us/checkout)

Final Assessment

Overall risk level: HIGH (Internal Audit Score: 0/100). This is an internal policy-risk score computed from this audit's own findings - it is not a Google score, not issued by Google, and not a prediction of actual approval or suspension.

Single most important next action: resolve "Multiple different phone numbers found across the site". Confirm whether these are intentionally different (e.g. regional support lines) or inconsistent/outdated.

Limitations: 6337 finding(s) are best-effort/page-only rather than API-verified against a platform data source.
